

Download Health Reforms In South East Europe New Perspectives On South East Europe

Health Reforms in South

This important new book covers both the former Semashko and ex-Yugoslav health systems of South East Europe. It is a very timely update, especially on health reforms in the countries of the former Yugoslavia.

Health Reforms in South East Europe: An Introduction ...

Over the past two decades, the health systems of South East Europe (SEE) have undergone far-reaching reforms, triggered by the search for more effective and efficient health care provision, attempts to introduce new sources of revenues, upward cost pressures associated with new technologies and population ageing, and the overall context of transition from socialist to market economies.

Health Reforms in South

Over the last two decades the countries of South East Europe have engaged in far-reaching reforms of their health systems. However, overviews of reform efforts in this part of Europe have been sorely lacking. This book addresses this shortage through the analysis of key aspects of health reforms

Health Reforms in South

Health Reforms in South-East Europe • Through these sections it describes a variety of specific reform approaches – Capitation, co-payments, compulsory insurance, voluntary insurance, new training specialisations, national tender, purchaser-provider splits etc • But oriented around general trends: – Social Health Insurance systems
