It's probably best to give those people in your life a free forgiveness pass and move on as you make new friends in the PD community who truly understand what living with PD is like. Parkinson's disease causes grief, but we can choose to live joyfully and intentionally in spite of what we feel has been taken from us.

## **Living with Parkinson's disease**

Caregiving during the latter stages of Parkinson's disease can become more difficult and demanding. It is best to enlist the help of professionals (palliative care) to help best manage symptoms and side-effects, especially if a person with Parkinson's disease has severe depression or dementia. Options include home health nurses or a nursing home environment.

## **Living With Parkinson's Disease**

Parkinson's not only afflicts people with the disease, but their spouses, children, and friends, all of whom, must make adjustments in their lives, too. The future is cloudy to the entire family. Spouses may worry about finances and their increased care-giving role.

## **How I'm Living Better with Parkinson's Disease**

How I'm Living Better with Parkinson's Disease. The bathroom sink, the railing at the bottom of my bed, and the Harvard chair. But now I exercise throughout the house and throughout the day. The kitchen has become a favorite venue. I use the counters and sink for stretching and doing standing pushups. I get to work as I wait for the microwave oven bell to tell me lunch or dinner is ready.
