Transition from the operating room to the PACU | Clinical Gate

Definitions. Documentation of Handoff: Includes information about the patient's status, assessment notes, plan of care, nursing interventions, and a continuous evaluation of nursing care and patient responses. Patient Handoff: Transfer of information about the patient so that the next health care provider can take responsibility for the patient's safety and care while ensuring that ...

Care of the intensive care unit patient in ...

The admission of intensive care unit (ICU) patients to postanesthesia care units (PACUs) is steadily increasing. In addition, the PACU also cares for another type of critically ill surgical patient population: ICU overflow patients, also known as ICU boarding patients. This terminology refers to a unique critical care patient population who recovers in the PACU and subsequently meets the PACU ...
