

Download Recycle City Answer Key

Recycle

Imagine a water bottle that dreams of becoming a pair of jeans, a steel can that hopes to someday be transformed into a bicycle, or a plastic bottle that believes that, one day, it could become a park bench. These are some of the many destinies that could be fulfilled if more Americans took time to do one thing: recycle.

CarbonManagement

A home energy audit is what can help you work out how energy-efficient your home is. Additionally, it can determine how efficiently your house is using energy right now, pinpoint problem areas you might not even be aware of, and perhaps more importantly, help you prioritize strategies to improve your home's overall energy efficiency.

Public Works

The Rutgers University Office of Off-Campus Living and Community Partnerships hosted four successful volunteer litter cleanup events in New Brunswick in September and October 2017, removing a total of 58 bags of of litter and 69 bags of recycling from our City Streets – a total of 1.24 tons of litter and recycling!
